

T2Parking CITIES

Language Configuration

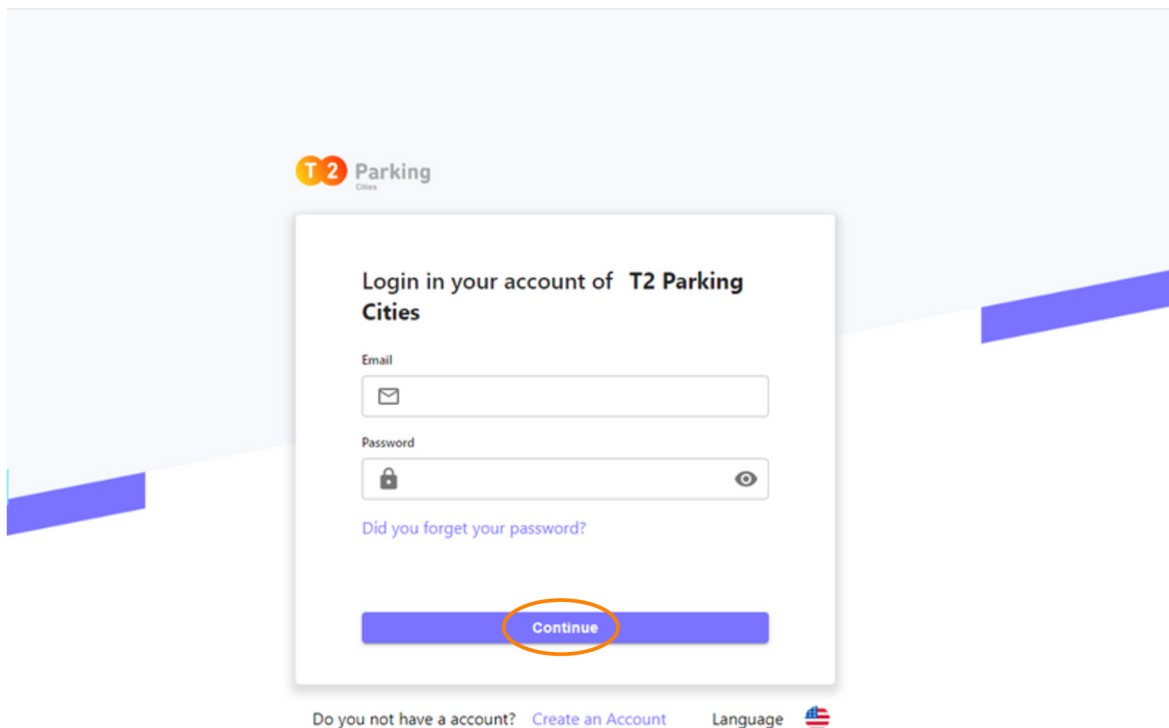

T2Parking - Cities.

Step-by-Step Guide to Configure Language

In this tutorial, we will show you how to use the T2Parking Cities app to configure the language.

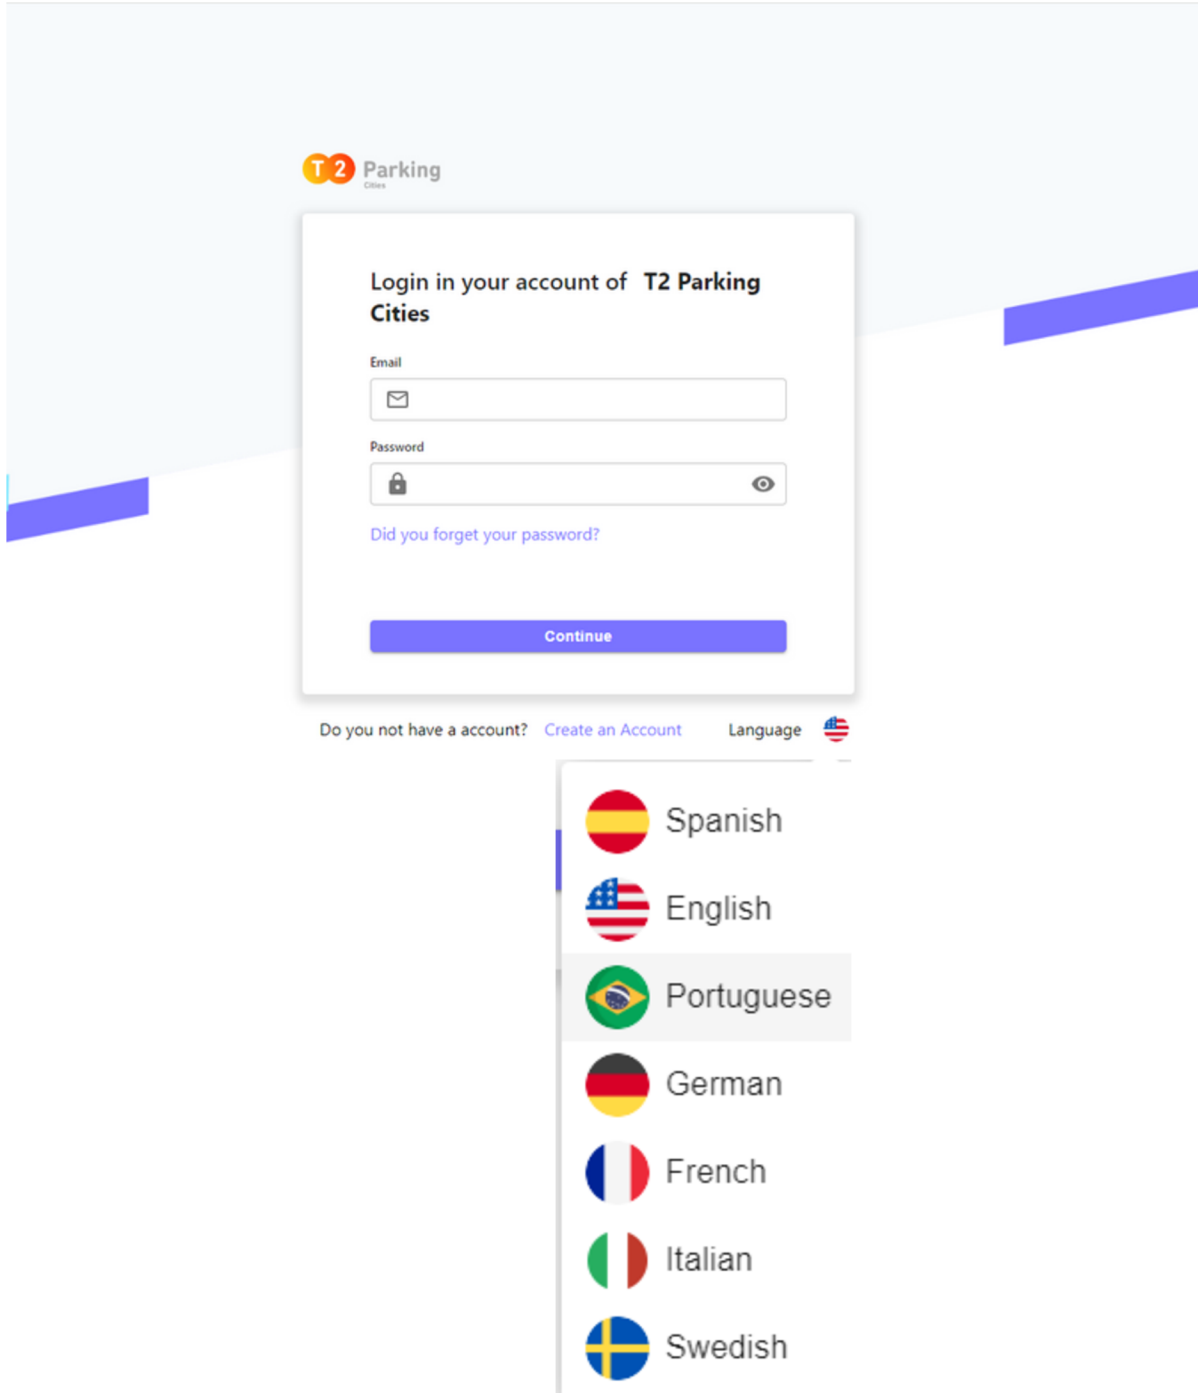

1

Go to the T2Parking Cities portal. At the bottom right, you will see the flag of the language in which your application is currently set. Click on the flag.

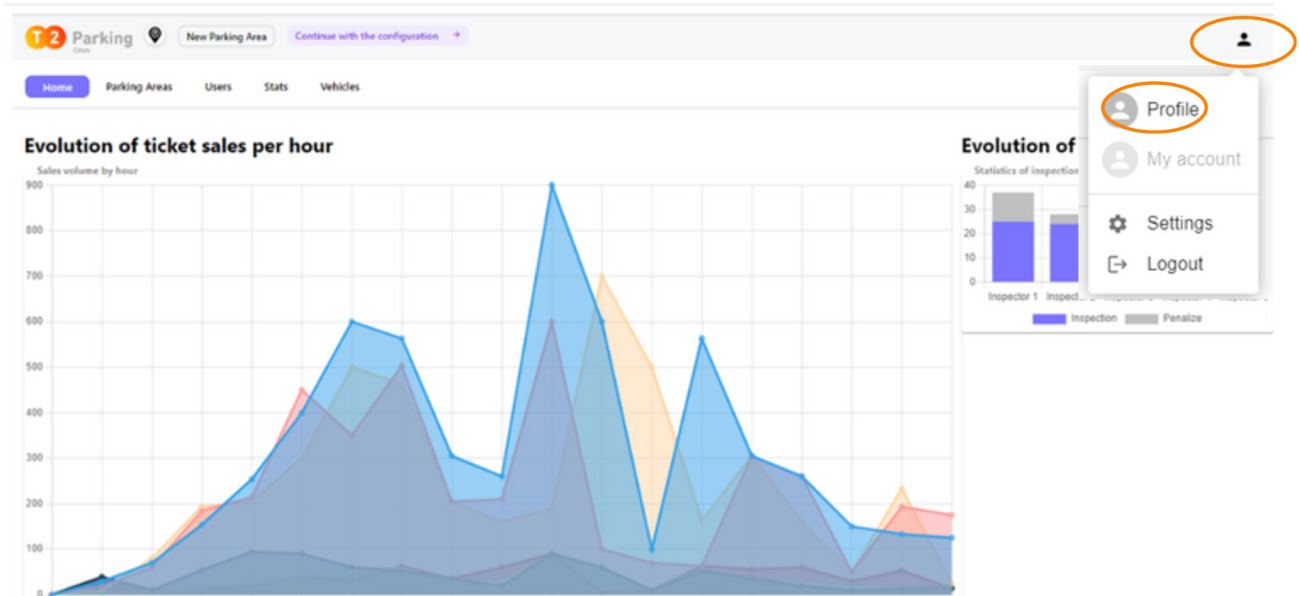

2

The list of languages will be displayed. Choose the language of your preference. Complete your credentials and press "Continue".

3

Inside the application, you will also have the opportunity to change the language by clicking on the profile icon at the top right.

4

Here, you will also have the option to make changes to the language settings.

The screenshot shows the 'Profile' page in the T2 Parking Cities application. The page has a header with the logo, location pin, and buttons for 'New Parking Area' and 'Continue with the configuration'. Below the header is a navigation bar with 'Home', 'Parking Areas', 'Users', 'Stats', 'Vehicles', and a 'Distributors' button. The main content area is titled 'Profile' and contains the following information:

Email	promichfsd@gmail.com
City	Sao Paulo
Password	*****

Below the profile information is a section titled 'Language' with the text 'Select your preferred Language'. A dropdown menu is open, showing a list of languages with their respective flags: Spanish, English, Portuguese, German, French, Italian, and Swedish. The English flag is circled in orange.
