

# T2Parking CITIES

## Assign Users

# Step-by-Step Guide to Assign Users

In this tutorial, we will show you how to use the T2Parking Cities app to assign users who will manage the platform.

1

Go to the T2Parking Cities portal. Fill in the fields with your credentials and press "Continue".

**T2** Parking  
Cities

Login in your account of **T2 Parking Cities**

2

On the homepage, you will see important data for managing your Parking Areas, such as statistics and relevant charts for administering the city's metered parking. To assign users, go to the "Users" section.

3

Within the "Users" section, press "Add User".

The screenshot shows the T2 Parking Cities dashboard with the 'Users' section selected. The navigation menu includes Home, Parking Areas, Users (highlighted with a blue bar), Stats, and Vehicles. The main content area displays the 'All users' section with a table of users and an 'Add User' button (highlighted with an orange circle).

4

Fill in the fields with the details of the user who will manage the T2Parking Cities platform. Generate a password for the user. We will send an email with their login credentials, and they will be able to redefine their password later. Press "Create".

The screenshot shows a web application interface for managing users. A modal window titled "Add new User" is open, displaying the "Inspector Information" section. This section contains three input fields: "Name of inspector", "Email", and "Password". The "Create" button at the bottom right of the modal is highlighted with an orange circle. The background shows a navigation menu with options like "Usuarios", "Estadísticas", and "Vehículos".
