If you have made an advance reservation, we will show you the following virtual ticket. You can save or share it.

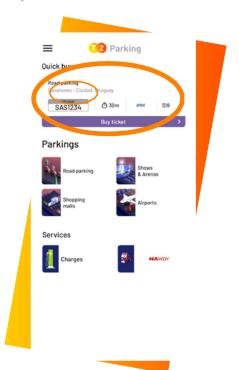

If you have made a reservation, in the application you will see the ticket with the scheduled time and other reservation details.

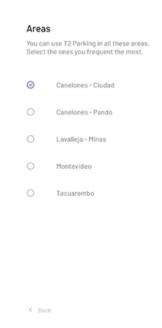

- When your parking time starts, a countdown timer will be displayed for the duration of the reservation.
- Once the parking process is finished, the timer will show 0 and will remain on the screen for the rest of the day.

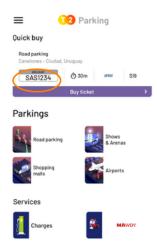

- Another way to access city metered parking is through quick access. If you need to change the city, press the city name.
- It will display all the areas in your country that are part of the T2Parking network. Choose one and go back.

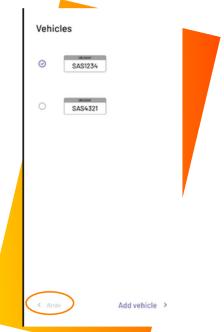

If you want to change the license plate you will use to park, just press the license plate number.

We will show you all the vehicles registered in the application, and you can choose one of them or add one at that moment. Then press "Back".

- If you want to change the amount of time you will park, just press the timer.
