

# **Parking in Large Spaces**

# Tutorial Guide: How to Park in Large Venues with T2Parking

This tutorial guide explains how to park in large areas with T2Parking. In this tutorial, we will explore how to use the T2Parking app to park in large areas and its usage in various scenarios.

- 1 When you open the app on your phone, you will see the following screen.

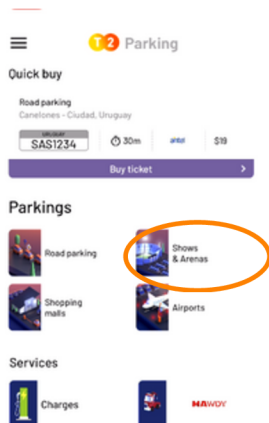

You will no longer need to worry about being late or desperately searching for a place to pay for parking.

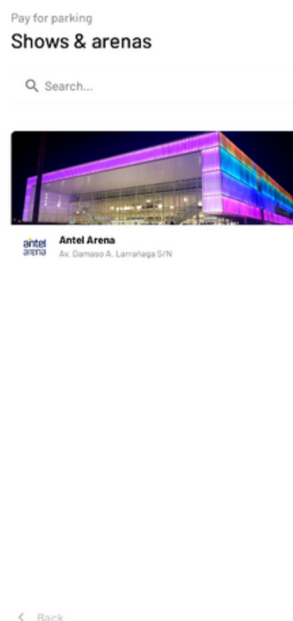

With our intuitive app, booking a parking spot is quick, easy, and stress-free.

Follow these simple steps, and you'll be ready to enjoy the event without worries.

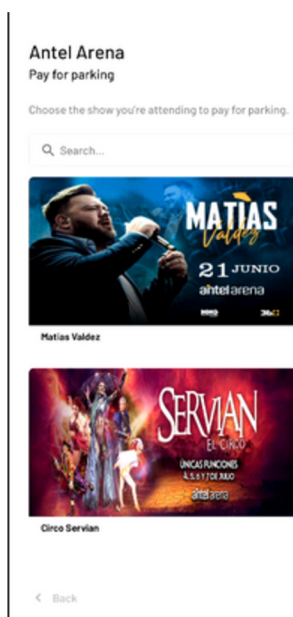

- 2 Choose the "Shows and Arenas" option.

- 3 Here you will see the different places that offer shows and events in your country or area. Choose one of them.

- 4 When you enter one of them, you will see the various events scheduled for that venue. Choose the event you want to attend.

- 5 Here you will see the event you have selected, the available days and times, the designated rate for each type of vehicle, and the payment method. Press the map icon at the top right.

- 6 On the map, you will see the access points and available parking spaces to reserve for the event. Press "Back."

- 7 Now that you have verified all the necessary information, press "Buy Ticket."

10 Wait a few moments for the purchase details to be validated.

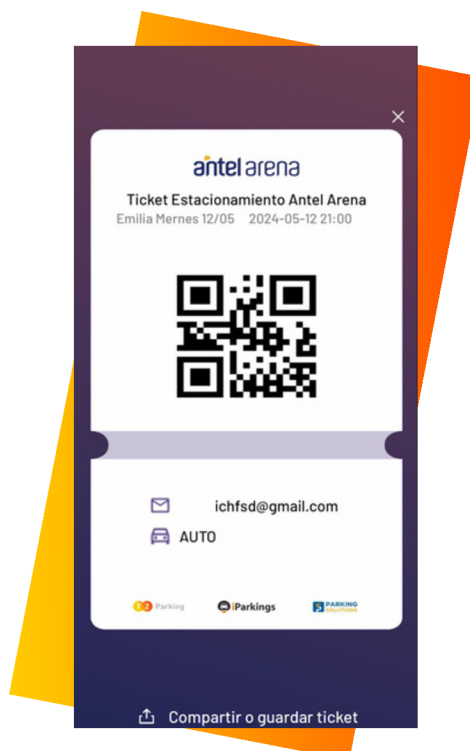

11 Once the details are confirmed, a virtual ticket for the parking reservation will be displayed. You can save or share it. Then press the cross at the top right.

12 Now you will see your scheduled ticket on the home screen of your app. When you arrive at the event location, press "View QR.".

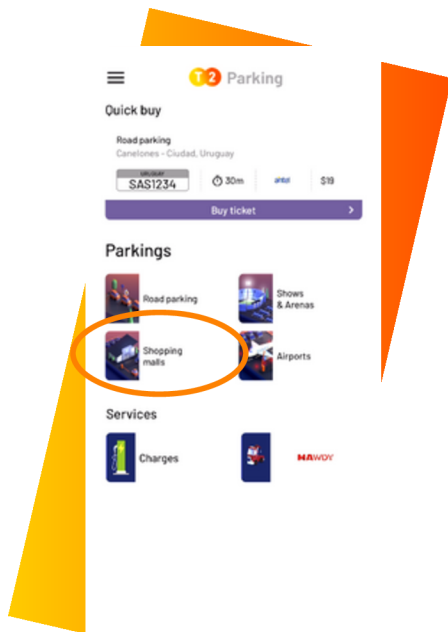

13 Show the QR code to the attendant at the parking entrance, and you're all set! Enjoy the event!

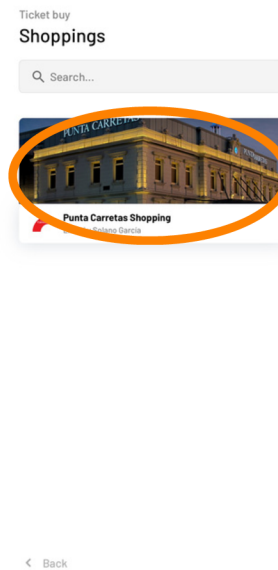

14

Returning to the main menu, in the "Parking" section, you will find the "Shoppings and Malls" option. Press the "Shoppings" icon.

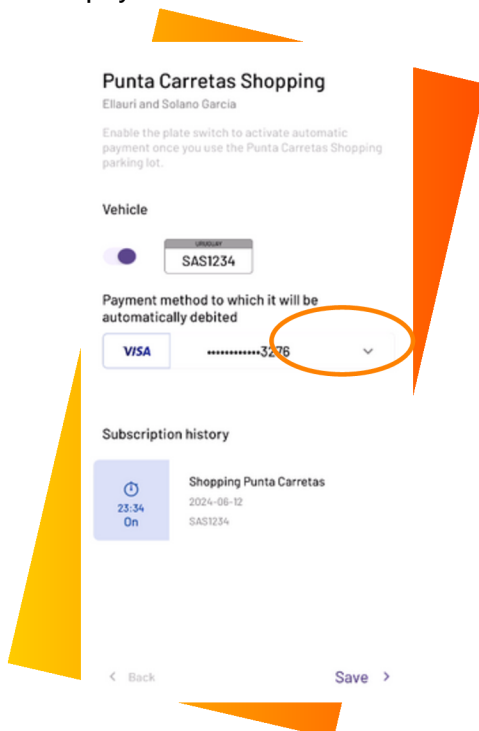

15

In this section, you will find the available shopping centers to park in your area or country. Select one of the available locations.

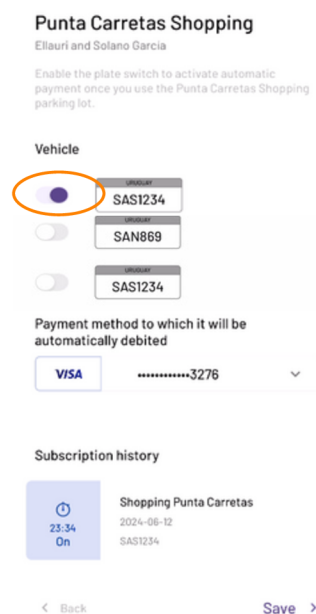

16

When entering the section for the first time, you will see the following notice. If you already have a card associated as a payment method, press "Accept." If you do not have a card as a payment method, add a card payment method before continuing.

17

Great! Now enable the switch for one or more license plates. This will be recorded by Punta Carretas Shopping as the plates recognizable by the cameras.

- 20 Once you have enabled the switch for the corresponding license plates to use the shopping parking, press "Save."

Shopping Punta Carretas: ¡Bienvenido al pago automático del parking! Matriculas registradas con éxito: SAS1234

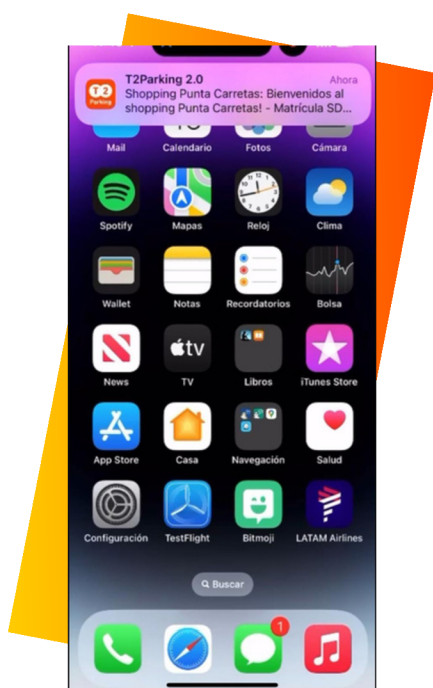

- 24 You will also receive an email notifying you that you have registered a vehicle to use T2Parking services at the Shopping or Mall you accessed. Thank you for using T2Parking!

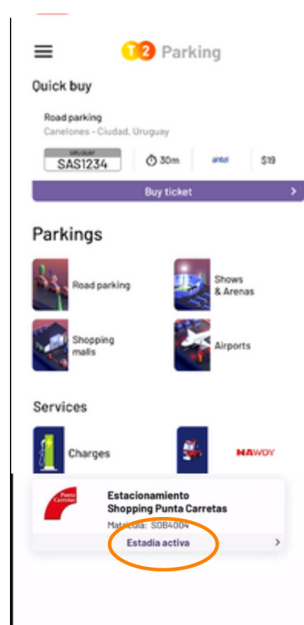

- 25 That's it! This is enough for the parking reader to automatically recognize your license plate and open the gates without the need for tickets or delays.

- 26 From now on, when you enter this place, the cameras will recognize your license plate and allow you to pass. You will receive this notification on your mobile.

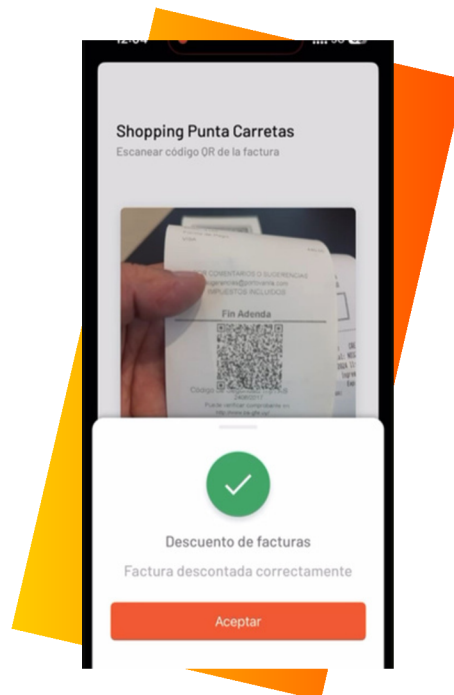

- 27 If you enter the T2Parking app, you will see your active stay. Press the "Active Stay" button.

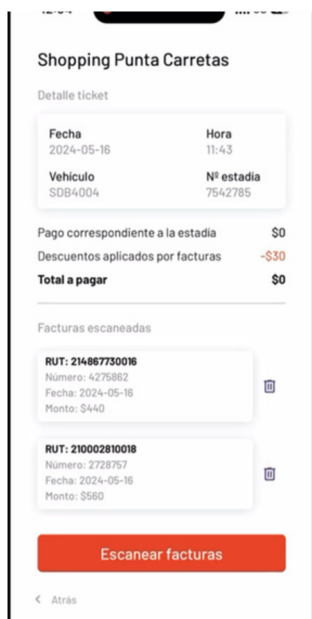

- 28 Here you can view the details of your parking entry. Additionally, in many cases, you will have access to parking discounts by scanning your receipts. Press “Scan receipts”.

- 29 A reader will open. Scan the QR code from your receipt. Press “Accept.”

- 30 You can scan as many tickets as you want. This will benefit you with discounts and promotions when parking.

- 31 When leaving the Shopping, you will receive an automatic parking payment notification with the ticket details.

< Back Next >

If this location has the option to use tags, take advantage of them to facilitate reading and recognition of your license plate (More information in the “Adding Vehicles” tutorial).

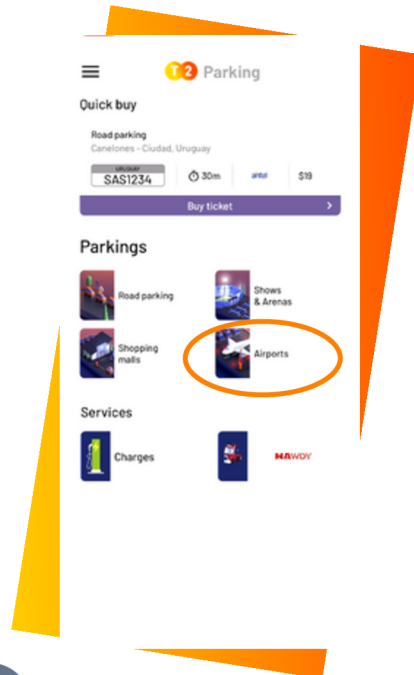

Check the current promotions and discounts for that Shopping or Mall.

Now parking in Shoppings and Malls with T2Parking is quick, easy, and stress-free.

- 32 In the "Parking" section, you will see the different types of parking you can access. Press "Airports."

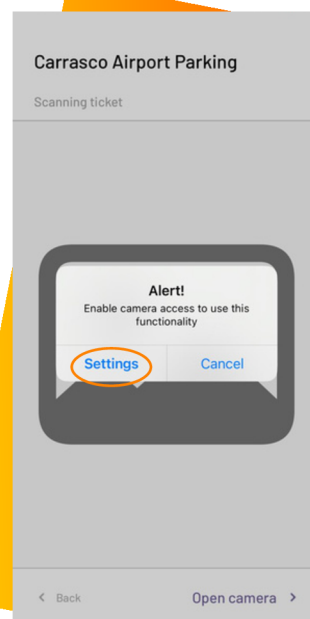

- 33 Here you will see all the airports available for parking with T2Parking. Select the one you are in.

- 34 A ticket scanning screen will be displayed to enable barrier opening at the exit. Press "Add Ticket."

- 35 You must allow T2Parking to access your camera to scan the entrance ticket through your camera lens.

36

Enable the scanner to scan the ticket given to you at the airport entrance.

37

Once the camera is enabled, press "Use Photo."

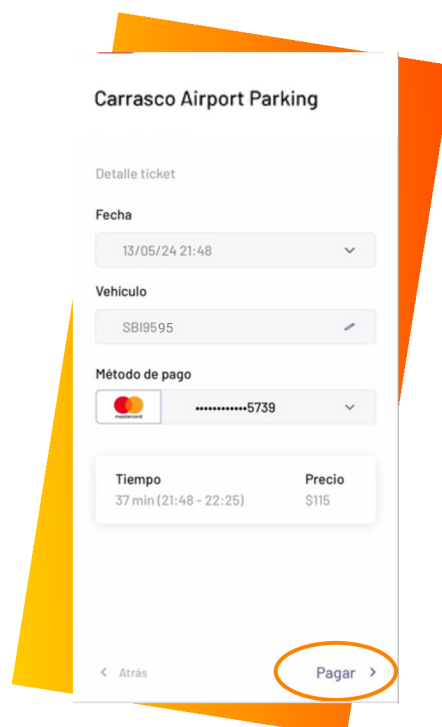

38

Press "Process" to validate your license plate and time data.

39

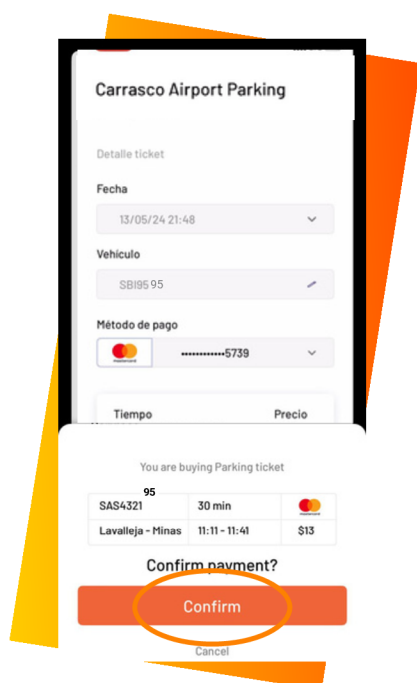

After the data is processed, you will see below "Payment Method" on the screen: the time used and the price. Press "Pay."

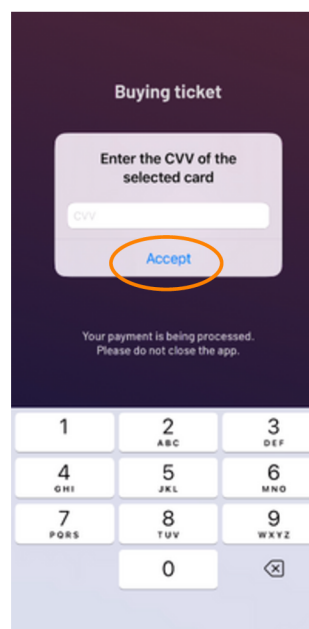

40

Enable the scanner to scan the ticket given to you at the airport entrance.

41

You will be asked for the CVV number to confirm payment via card. Press "Accept."

42

The virtual parking ticket will be displayed on the screen. You can share or save it. Press the cross at the top right to close the ticket.
